

WELCOME TO FOURTH GRADE

Dear Fourth Grader,

This is a very special year; you are the oldest students at Harper! There is so much to learn in fourth grade, and we like to have a lot of fun learning together. Some of the highlights of the year will be the Earth Balloon, The Shedd Aquarium, and Outdoor Education. Our fourth grade team includes Mrs. Kennedy, Mrs. Kerber, Mr. Sroka, and Mrs. Nerenberg.

While you will stay with your assigned teacher most of the time, you will also have opportunities to work with the other teachers on our team.

Since we all need to get to know each other better, you have a **small homework assignment that is due on the first day of school**. In a small bag, place three items that you can use to describe who you are to the class. These can be books, trophies, pictures, or anything else that is important to you. The teachers will be doing the same homework. In addition, don't forget to bring your math packet and Reading 500 sheet, if you completed them.

One more thing, be sure that you have a book with you on the first day of school for silent reading time. We'll see you on the first day of school, September 5th!

Looking forward to it!

Your Fourth Grade Team
